EMT-428	Plugs and socket-outlets for household and similar purposes Particular requirements for switched socket-outlets with interlock for fixed electrical installations test parameters a). Marking (complete unit), classification/Type and Rated parameter test b). Electric Shock Protection and insulation type test c). Break force, Material type and socket/plug dimension test d). Actuation and Contact pins , inter lock load and earth test e). Poles nos. and live, Earth Termination , Mechanical Mountings Test f). Assembly and construction test g). Aging and Enclosure resistance against Humidity Heat pressure etc h). Electrical strength, Normal operation and insertion force tes i). Creepage Distances, Clearances and Test on Pins	15-25 days	PS: IEC:60884-2-6	KLC
EMT-429	Plugs and socket-outlets for household and similar purposes - Particular requirements for cord extension sets test parameters a). Cord parameters (Type and assembly) test b). Electric rating and Protection/ insulation test c). Break force, Material type and socket/plug dimension test d). Terminal/Contact pins , load and earth test e). Dimensions parameters, Wires live, Earth Termination , Mechanical Mountings Test f). Assembly and construction test g). Aging and shield resistance against Humidity Heat pressure etc h). Electrical strength, Normal operation and insertion and breaking capacity test i). Creepage Distances, Clearances and Test on Pin j). Screws, current parts, connections test	15-25 days	PS: IEC:60884-2-7	KLC
EMT-430	Plugs and socket outlets (16 Amp 250Vac) test Parameters a). Marking, Type and Rated parameter test b). Electric Shock Protection and insulation type test c). Break force, Material type and socket/plug dimension test d). Terminal/Contact pins , load and earth test e). Wire live, Earth Termination , Mechanical Mountings Test f). Assembly and construction test g). Aging and Enclosure resistance against Humidity Heat pressure etc. h). Electrical strength, Normal operation and insertion and de locking force test i). Creepage Distances, Clearances and Test on Pins	15-25 days	PS:IEC 60906-1	KLC
